

Australian Society
of Orthodontists

Foundation for Research and Education

Grateful Patient Donation

As the recipient of orthodontic treatment by means of a professional courtesy arrangement, you can demonstrate your gratitude for the gift of a beautiful, healthy smile by making a contribution to the ASO Foundation for Research and Education in appreciation of the Orthodontist providing your treatment.

In this fashion, say a special "Thank you" and encourage further scientific research in Orthodontics.

In appreciation of my Orthodontist, Dr
