

Orthodontic Position – Northern Tasmania

At **The Orthodontic Specialists** everything we do is about delivering great patient experiences. We always aim to allow the right amount of time for each appointment and look to invest in only the highest quality equipment. We believe in our Orthodontists and give them clinical freedom to do the right thing for their patients and a variety of different opportunities to continually develop in their careers.

For you, it means being part of a truly empowering environment, without the distractions of worrying about the more administrative tasks. It means you can focus on delivering truly first-class care.

A rare opportunity has arisen for a Specialist Orthodontist to join our team and provide quality orthodontic care to our ever-growing list of patients.

Although experience is highly desirable, this role is also a fantastic opportunity for a new graduate looking for mentoring and a supportive environment in which to build their skills and experience. This role encompasses working across three separate sites within fairly close proximity in Tasmania; **Launceston**, **Burnie** and **Devonport** and is an excellent career building opportunity with lucrative earning potential and a great lifestyle.

Tasmania is a short flight from Melbourne and just two hours flight from Sydney or Brisbane. The Tasmanian community enjoys nature and the outdoors with family-based activities across the region and is a great place for families and young children. This is a great long-term career opportunity and would ideally suit applicants who are looking to relocate to Tasmania. Sponsorship will be considered for the successful applicant.

How to apply:

Our people are at the heart of everything we do, because we care. We have created environments where people can look forward to coming to work, feel empowered and benefit from working collaboratively with brilliant & talented experts.

If this is the role you've been looking for then click the Apply now button to submit your resume and cover letter.
